Pursuant to Clean Air Act section 307(b)(1), 42 U.S.C. § 7607(b)(1), Natural Resources Council of Maine, The Ohio Environmental Council, and United States Public Interest Research Group hereby petition the Court for review of the final action taken by respondents United States Environmental Protection Agency and Stephen L. Johnson, Administrator, United States Environmental Protection Agency, at 70 Fed. Reg. 15,994 *et seq.* (March 29, 2005), and entitled “Revision of December 2000 Regulatory Finding on the Emissions of Hazardous Air Pollutants From Electric Utility Steam Generating Units and the Removal of Coal- and Oil-Fired Electric Utility Steam Generating Units From the Section 112(c) List” (attached hereto). This action

prolongs and increases the exposure of petitioners' thousands of members to toxic pollution associated with a variety of adverse health and welfare effects.
